

Personal Skills – Ability to quickly grasp technical aspects and willingness to learn – High energy level

January 2018 Master of Engineering Computer Technology & Application Bhopal, Madhya Pradesh Truba

January 2010 B.E. computer science Bhopal, Madhya Pradesh RKDF Institute of Science and Technology

January 2006 Polytechnic Information Technology Vidisha, Madhya Pradesh SATI Engineering College in

January 2003 M.tech Thesis Detail BMCH School in Ganj basoda

Data science

I have six month experience in Data Science. Key Skills: - Experience in Machine Learning, Deep Learning,

Skill Details

Experience in Machine Learning, Deep Learning, NLP, Python, SQL, Web Crawling, HTML,CSS.- Experience

company - RNT.AI Technology Solution

description - Text classification using Machine learning Algorithms with python.

Practical knowledge of Deep learning algorithms such as – Recurrent Neural Networks(RNN).

Develop custom data models and algorithms to apply to dataset

Experience with Python packages like Pandas, Scikit-learn, Tensor Flow, Numpy, Matplotlib, NLTK.

Comfort with SQL, – MYSQL

Sentiment analysis.

– Apply leave Dataset using classification technique like Tf-idf , LSA with cosine similarity using Machine Learning

Web crawling using Selenium web driver and Beautiful Soup with python.

company - Life Insurance Corporation of India Bhopal

description - – Explaining policy features and the benefits

– Updated knowledge of life insurance products and shared with customers
